

MultiChill 0° - lets you design your own storage solution

900 MultiChill 0° helps you cook delicious meals while offering the flexibility to keep your ingredients at their peak of freshness. Whether chilling drinks, defrosting or marinating ingredients.

Product Benefits & Features
Enjoy more flexibility and storage with MultiChill 0° drawer

The adjustable MultiChill 0° drawer elevates your cooking and optimized for storing meat and fish. Through the app you can activate food programs such as chilling drinks, safe thawing of frozen items, or storing leftovers.

The elegant Glass Cooling 360° protects food quality

Multiple air channels in the back wall of the Glass Cooling 360° actively circulate cold air to stabilise temperature and protect food quality. The glass back increases interior brightness and adds an elegant design touch.

A game changer – unique fridge-freezer with recycled plastic

We're proudly introducing our unique fridge-freezer with an inner lining made of 70% recycled plastic. Plastic from discarded fridges is used to make new ones, helping reduce waste through circularity.

Up to 95% of vitamins preserved with GreenZone technology.*

GreenZone+ is the ideal storage drawer, it eliminates excess humidity while preserving the right amount of moisture for your veggies. This preserves up to 95% of vitamins after 11 days, by protecting produce with the right amount of humidity.*

*Inner liner rHIPS made with up to 70% recycled plastic representing 13% of total fridge plastic"

*Vitamin preservation rate based on external test on vitamin C retention in blueberries after 11 days in GreenZone compartment.
